# SAFETY, RESULTS AND THE RULES

## SAFETY

We will have a safety team on the water at all times during the event. There is also a medical team at the finish line.

Due to the cold water temperatures in the River Shannon at this time of the year - **typically 9.5-11 degrees Celsius** - hypothermia can set in quickly, especially for anyone swimming in skins. It is essential that swimmers monitor how they feel in the water. If in doubt, **act quickly** and alert our safety staff on the water who will ensure you get the treatment you need.

If at any time our safety team does not feel that you are capable of meeting the cut-off time, or they are concerned for your safety, you will be removed from the water. These decisions are always made with your safety in mind. The Water Safety Director's decision is final.

If you have a medical condition that we need to be aware of, please drop us an e-mail in advance of the event: [info@gaelforceevents.com](mailto:info@gaelforceevents.com).

**You are responsible for your own safety.** We advise that competitors organise their own personal insurance.

Please do not attend this event if you have Covid-like symptoms.
